

What is the lasting legacy of the Romans?

Introduction

Children research life in Iron Age Britain, they will be given a job/role in the village to research. Children will then receive news that nearby villages have been invaded by the Romans. Children will then learn a song about the Romans from sing up. On the second day, children will receive a visit and learn all about Roman invasion battle tactics and act out the invasion of their village. After this, children will learn all about Boudicca and write a letter to her pleading for help.

Learning overview

As scientists, the children will be looking at forces and magnets. They will look at the best surface to build a road with. They will also look at how magnets work and separate metal from iron filings from cereal.

As artists, the children will use printing to design and make their own mosaic. They will also make their own roman lamp.

As writers, the children will be writing letters to relatives and writing information texts about Romans.

As historians, looking at life in Britain in the past. They will look at the legacy of the romans in the past and present day.

In other areas of the curriculum the children will be working on division and fractions in

How can you support your child at home?
