

## To Infinity and Beyond!

### Introduction

This term we will be exploring Physical Development, Expressive, Arts and Design and Understanding the World through our theme, To Infinity and Beyond! For our sparkling start the children will become investigators when they discover a crash landing. For our fabulous finish we will become space explorers.

### Learning Overview

As readers, we will share our class reader 'The Owl Who Was Afraid of The Dark. As writers we will learn to use our phonics to write words and captions through our key text, The Way Back Home. As mathematicians, we will learn about 2D and 3D shapes when we design and make our own rockets. As scientists we will find out how astronauts prepare for a mission and keep healthy in space. As historians we will find out about the astronaut Tim Peake. As artists we will create paintings in the style of Peter Thorpe and make large and small scale rockets.

In PE we will use Real PE and Real Gym to explore games and gymnastics.

### Home Learning

Can you use paint or collage to create a space picture?

Can you find out about a different astronaut?
